

HELP KEEP OUTDOOR DINING OPEN!

Please join the Tri-Valley Restaurant Group in supporting
SB314
the Bar and Restaurant Recovery Act.

THIS LEGISLATION WILL:

- make all Covid-19 emergency outdoor flex-zone dining areas (parklets) in California permanent
- encourage restaurants and bars to invest in permanent and aesthetically pleasing and safer outdoor structures
- allow for outdoor spaces to be shared by two adjacent businesses

Please email our state senator Steven M Glazer ASAP
and let him know you demand that he support small,
independently-owned businesses like this one!
senator.glazer@senate.ca.gov

This bill allows smaller, independently-owned restaurants and bars to have a fighting chance at survival by continuing to serve our at-risk guests who will need outdoor dining well into the foreseeable future
